THE SAN DOMINGO AFFAIR. - In the Senate. yesterday, the San Domingo resolutions were taken up, and Mr. Sumner's amendment directing the Commission to inquire into the alleged revolution against Baez and the relations between Hayti and San Domingo, was rejected. Mr. Saulsbury offered an amendment making B. F. Curtis, Gen. Sherman and ex-President Millard Filmore the Commissioners under the resolution, which was also voted down. Several other amendments were negatived, and the resolutions were adopted as they came from the House, and now go to the President for their signature. It is said that Ex-Senator Ben. Wade, President White, of the Cornell University, and Bishop Simpson, of the M. E. Church, are named as the San Domingo Commission. The Tennessee has been ordered to a third of a million dollars. Norfolk, and will depart as soon as possible with the Commissioners.

A dispatch from Washington says:- "The President does not intend, as some of the newspapers have stated, to send a message to Congress on the subject of reconstruction. He will. however, in a few days, transmit a large number of reports from military officers, received at the War Department, in which complaints are made and incidents given of disturbances in the South. They will be submitted in order that action may be taken with a view to afford the required relief, and a recommendation to this effect may be made by the President in a brief message.

It is said that "Senator Johnston, of Virginia. intends in a few days to offer a resolution instructing the Committee on Finance to inquire into the expediency of abolishing the internal revenue system of collecting United States taxes, and proposing that the quota of taxes required from each State be ascertained, and that they shall be collected by State authorities, in the manner State taxes are collected. and by them paid into the United States Treasury.

Dispatches from Washington Territory report that the country between Monticello and highly respectable citizen of Prince George Olympia is flooded. The streams are all high and many have overflowed. Many bridges and sections of the railways have beeen carried away. Travel in consequence has been generally suspended and the mails are carried on horseback. It is still raining heavily, and the streams are rising.

The Baltimore Sun says, that the mannner in which the government is sold in railway land grants is shown in the results of its imbecility in the case of the Union Pacific railroad, which has thus early virtually repudiated what it owes to the government.

In the Baltimore Stock market, yesterday, there was some activity in Virginia 6s, \$18,000 of the old registered bonds selling at 51 regular way, an advance of 1. but the general Stock market was dull.

The Senate of Virginia, yesterday, passed a joint resolution providing for the submission of the adjustment of the State debt with West Virginia to arbitration, by a vote of 31 to 4.

COLLATERAL. -At the restaurant of a wealthy and jolly old caterer in Hamburg, a gentleman who had not a shilling in his pocket feasted sumtuously on all the delecacies the bill of fare afforded. When he had finished his repast and also drank his bottle of Rudesheimer, he quietly said to the landlord, "I have no money to pay your bill, my friend; but if you will let me do so, I will give you a piece of advice that is worth more than the money. The landlord, though taken back at the cool effrontery of his case, holding that the provision in the charter impecunious guest, laughed and said to him, of the Company by which its property was ex-"Well, sir, if you have no money to pay for empted from taxation on the payment of a cerwhat you have eaten and drunk, let us have tain proportion of its earnings was constitution-

VIRGINIA NEWS.

In the U. S. Circuit Court, in Richmond, Judge Bond presiding, on Tuesday, a long debate occurred upon the calling of the office judgment docket, during which every member of the bar in attendance participated. The question arose as to the rules of practice in the the U. S. Circuit Courts of the several States. The main question, however, was, whether the present session was a continuous term or an independent session.

DEBATE IN THE SENATE YESTERDAY .- The interest and excitement which have been manifested in the House for the past two days over the San Domingo question were yesterday transferred to the Senate and while the House, at times, found itself without a quorum, and almost without spectators in the galleries, the Senate presented just the opposite scene.-Nearly every Senator was in his seat, and numbers of people were unable to gain admittance. Towards the close of the discussion, and when the final vote was taken, Gen. Sherman. Secretary Robeson, the President's private se ceretary, and over seventy members of the House were on the floor of the chamber. In the diplomatic gallery several of the foreign legation were represented. In fact, in the language of Senator Schurz, the Congress of the United States presented to-day a remarkable spectacle before the country and the world. That Senator commented on this spectacle and the occasion which created it in a speech of two hours' duration, most remarkable for its new and striking arguments at the close of an almost exhausted discussion, and which were elaborated in a graceful and polished way that commanded the undivided time and interest of the Senate and the large audience gathered to hear the debate. He ridiculed with a keen irony the text of the President's message that the country had looked upon the non-annexation at the last session of Dominica as a public calamity, and defied a single instance of expression of the general sentiment to that intent. -He also completely answered the flimsy pretense of the message that if we did not annex Dominica some European power would take our place.

The speech stirred the administration Senators to their very depths, for they were interjecting inquiries and comments almost every ten minutes. The forcible and apt replies. however, of the Missouri Senator, were enjoyed. There was a great scene of merriment at one stage of the speech when Mr. Sumner joined hands with Mr. Schurz, and virtually insisted with him that the President was guilty of a mere pretense in assuming in his message that he had information that a European power had taken a step looking to the acquisition of Do-minica. - Wash. ABRAHAM LINCOLN'S FEES .- The Chicago Legal News has the following bit of information relative to "Lincoln's fees:

The friends of the consolidation line of railroad have brought forward another bill, which they say will be passed, amending the act authorizing the formation of the Atlantic & Mississippi and Ohio Railroad Company so as to entitle each stockholder to cast one vote for each share of stock held and at the primary organization or "at any annual meeting of stockholders." it shall be competent to elect such number of directors as the stockholders may see fit, and to determine the mode of electing a president and directors and to prescribe their terms of office.

The "Debt question"—being the resolution for the appointment of arbitrators to adjust the public debt with West Virginia, was under discussion to-day in the Senate, and debated by Messrs. Herndon, Pendleton and French in favor of "assumption" on the part of West Virginia, and by Messrs. Waddell. Courtnay and Anderson, of Rockbridge, in favor of a final adjudication by arbitrators. The discussion will be continued to morrow. The resolutions were peached or sent to a lunatic asylum.-Rich. charged by the contractors without receiving so amended, by a vote of 17 to 13, as to strike out the word "assume" and make it read "borne" by each State. The position of the question was, on the part of Messrs, Herndon and Pendleton, to force an assumption of a portion of the debt by West Virginia to be by her paid to the *creditors* directly, while Mr. Waddell and those who thought with him took the ground that West Virginia should be held responsible to Virginia for the part of the debt.

HELMBOLD'S FLUID EXTRACT BUCHU, for weakness arising from indiscretion. The exhausted powers of Nature, which are accompanied by so many alarming symptoms, among which will be found Indisposition to Exertion, Loss of Memory, Wakefulness, Horror of Disense, or Forebodings of Evil; in fact Universal Lassitude, Prostration and inability to enter into the enjoyments of society.

The constitution, once affected with Organic Weakness, requires the aid of medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption ensues.

HELMBOLD'S FLUID EXTRACT BUCHU, in affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

HELMBOLD'S FLUID EXTRACT BUCHU AND IMPROVED ROSE WASH will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superseding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

Use HELMBOLD'S FLUID EXTRACT BUCHU in all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action.

constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers. All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU

is the great Diuretic. Sold by Druggists everywhere. Price \$1.25 per bottle, or 6 bottles for \$6.50. Delivered to any address. Describe symptoms in all communications.
